Sir:

Pursuant to 37 CFR 1.97 and 1.98, the references listed on the enclosed Form PTO/SB/08 are submitted for consideration by the Examiner in the examination of the above-identified patent application.

The full consideration of the references in their entirety by the Examiner is respectfully requested and encouraged. Also, it is respectfully requested that the references be entered into the record of the present application and that the Examiner place his or her initials in the appropriate area on the enclosed Form PTO/SB/08, thereby indicating the Examiner's consideration of each of the references.

The submission of the references listed on the Form PTO/SB/08 is for the purpose of providing a complete record and is not a concession that the references listed thereon are prior art to the invention claimed in the patent application. The right is expressly reserved to establish an invention date earlier than the above-identified filing date in order to remove any reference submitted herewith as prior art should it be deemed appropriate to do so.

Further, the submission of the references is not to be taken as a concession that any reference represents art that is relevant or analogous to the claimed invention. Accordingly, the right to argue that any reference is not properly within the scope of prior art relevant to an examination of the claims in the above-identified application is also expressly reserved.

**Copies of the References – Comments for the Examiner's Consideration**

- (X) An English translation of the third party document previously submitted in the October 6, 2005 Information Disclosure Statement (IDS) is enclosed herewith.

The third party reference was filed July 11, 2005 in a counter-part Japanese Patent Application and was brought to the attention of Applicants' U.S. legal representatives on October 6, 2005, and was promptly submitted via the IDS of the same date. The third party submission was not in the English language at that time. The material has been translated into English on an expedited basis and is now enclosed herewith for the Examiner's careful, independent review and consideration.

A copy of the non-English reference that was cited in the filing of July 11, 2005 in the counter-part Japanese Patent Application was filed with the October 6, 2005 IDS. The English translation of the same was submitted in a Supplement to the October 6, 2005 IDS filed on October 12, 2005.

As mentioned in the October 6, 2005 IDS, the third party submission cited five other references, all of which were previously disclosed herein. Among these, JP-H07-96092A, is of record and upon present information and belief is associated with an English language abstract for JP H03-109917A, a copy of which is also of record herein as having been carefully, independently considered by the Examiner.

- ( ) A copy of the Supplementary European Search Report is enclosed herewith.
- ( ) The references listed on the enclosed Form PTO/SB/08 were previously identified in the parent application(s) of the present application, and copies of the references were furnished at that time. Accordingly, additional copies of the references are not submitted herewith, so as not to burden the file with duplicate copies of references. The Examiner is respectfully requested to carefully review the references in accordance with the requirements set out in the Manual of Patent Examining Procedure. In accordance with 37 CFR 1.98(d), the details of the parent application(s) relied upon for an earlier filing date under 35 USC 120 in which copies of the references were previously furnished are set out below:
